

AAC at home

Collage and drawing

In Afternoon Art Club, we get children making art.

Give your catalogues a new life in this fun activity everyone can try at home.

You will need:

- Catalogues or newspaper
- Paper
- Drawing materials
- Scissors
- Glue stick

Part 1- Collage

1. Peruse your catalogues and newspapers for an image that has been cropped. The best ones for this activity are the photos where things are missing like bodies limbs and heads!
2. Cut out your chosen image with scissors. Cut as close to the image as you can. Ask an adult to help if you need it.
3. Paste your image in the middle of your piece of paper.

Part 2- drawing

1. Use a pencil to draw the missing parts around the cropped image. You can be realistic or as imaginative as you want here. For example you could choose to draw a horse body onto the horse head OR use your imagination to create a new crazy animal!

2. Use markers, textas and/or coloured pencils to add colour.

TIP: when using coloured pencil, leave some areas light and build layers in other areas to create different tones for a 3D effect.

Hmm... A frog horse sitting on the sun enjoying a sweet treat with its foal kitten... Is your picture just as nuts?! :D

Extension activities

1. Repeat the activity over and over with different images. Try using more than one image in a work for something more challenging.
2. Set up a device overhead and take a time-lapse video of the process.
3. Write a short story based on your creation. Create an audio recording of a reading.

Well done on your finished masterpiece!

Share it with us
