I am a proud Muruwari woman and contemporary Aboriginal artist. I have been a practicing visual artist for many years, working with mixed media, painting, drawing and sculpture. I use art for self-expression, and to reflect my connection with culture and country.

'Emu in the Sky', 2021, by Monica Bridge

Mixed media, 92cm x45.5cm

\$800

This painting tells the story of the emu (ngurrunj in Muruwari language) in the sky and the importance it holds for Aboriginal people. In April and May, the emu in the sky shows us that it is time to collect emu eggs. In June the chicks are hatching, so the eggs should be left alone.
